CONSULT

Why deck-only AI consulting dies on contact with production.

THE AUTOPSY: FROM FIFTEEN VENDOR DECKS THE FLOOR

7 MIN READ SAV BANERJEE JUN 22 2025

Enterprise AI buying committees consolidate around three vendors per portfolio.

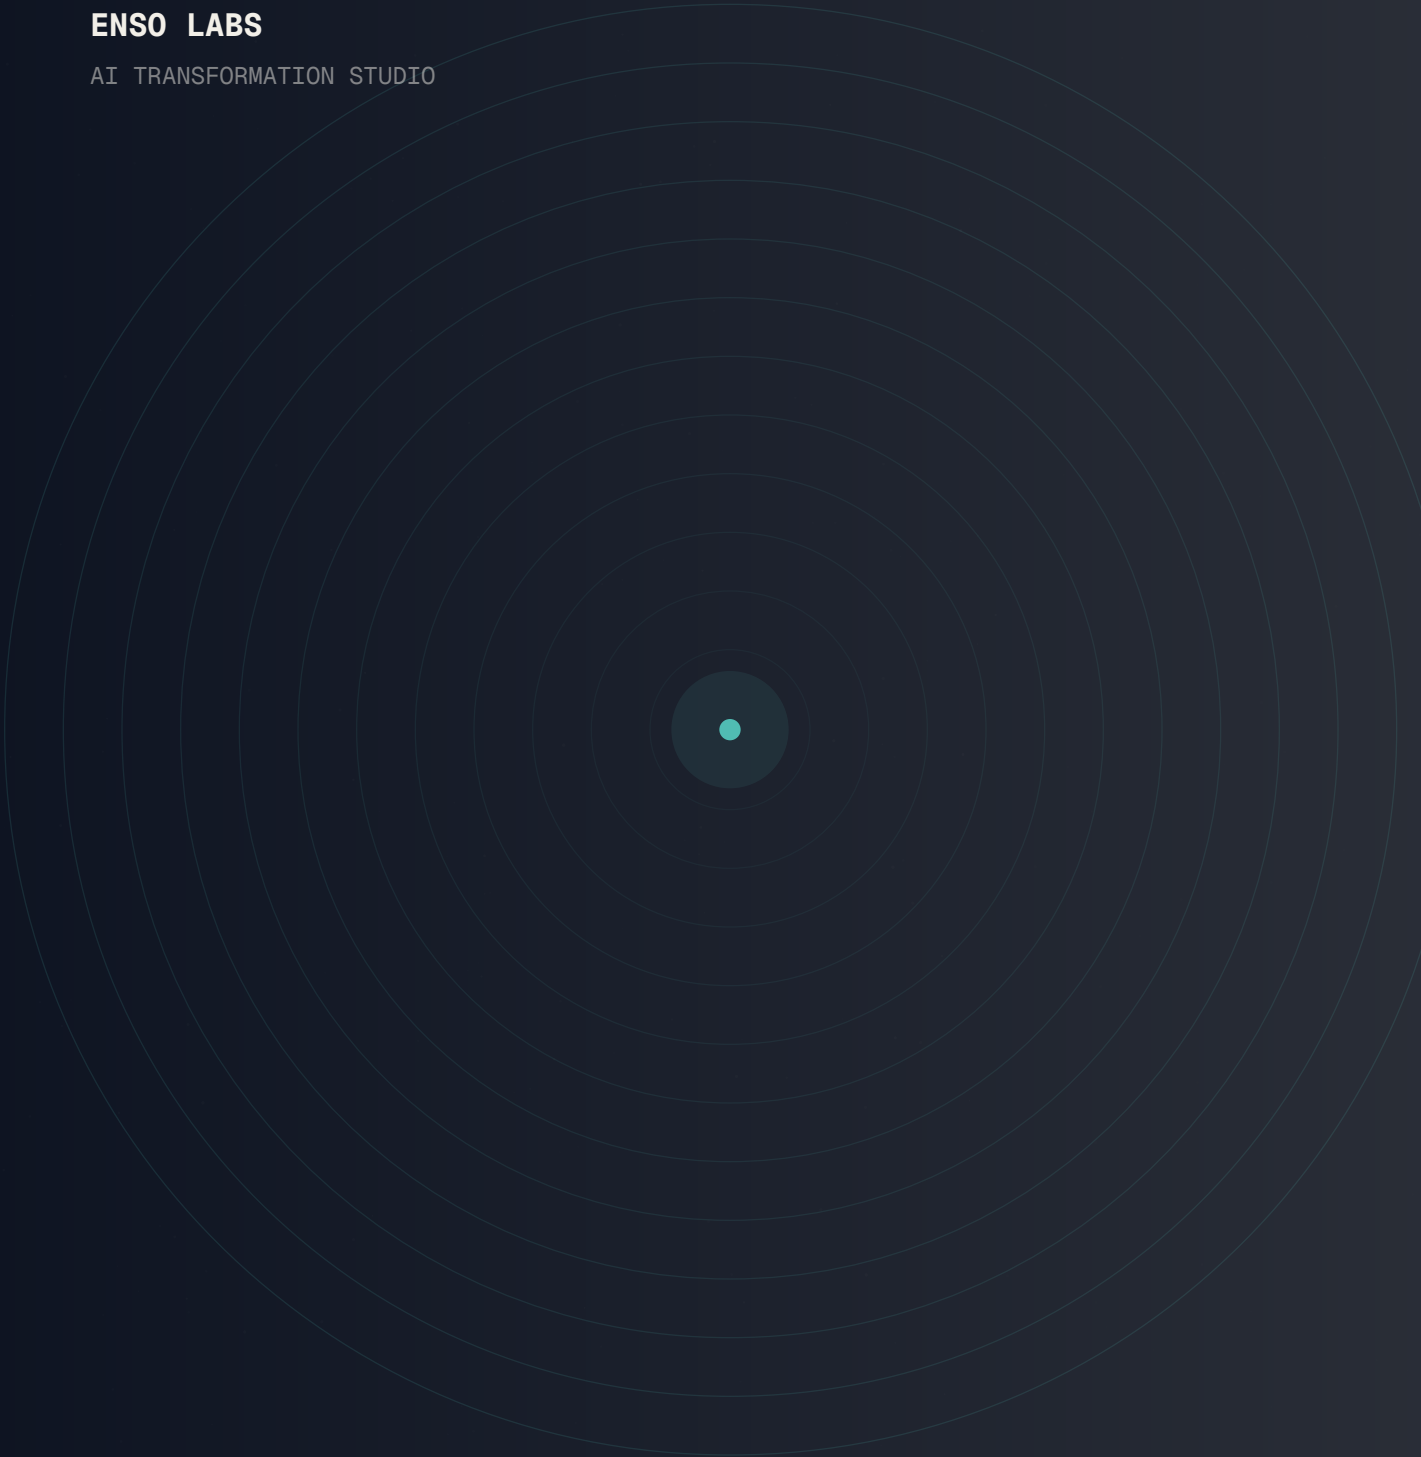

Non-finalists lose 70% of pipeline within 90 days of shortlist announcement. The implication: if you are not in the first conversation, you are not in the conversation at all.

ENSO LABS PERSPECTIVE

This is why speed-to-production matters. The studio model exists to get clients into the shortlist conversation before the window closes.
